BRAND OVERVIEW

About RTI

Real-Time Innovations (RTI) is the largest software framework company for autonomous systems. RTI is the best in the world at connecting intelligent, distributed systems. These systems improve medical care, make our roads safer, improve energy use, and protect our freedom. RTI leads the transition to intelligent real-world systems, the most important technology trend for the next decade and beyond. RTI’s mission is to enable a new generation of intelligent distributed systems, boldly seeking to transform entire industries. We particularly seek applications that promote a sustainable, safe, green and healthy planet.

RTI Connext

RTI Connext®, based on the DDS standard, is the first connectivity framework designed for highly distributed autonomous systems. Connext simplifies application and integration logic with a powerful data-centric model. It enables intelligent architecture by sharing information in real time, making large applications work together as one.

Taglines

“Your systems. Working as one.”

“RTI runs a smarter world.”

Elevator Pitch

• The largest software framework company for autonomous systems.
• The world’s leading architecture for developing intelligent distributed systems.

Boilerplate

Real-Time Innovations (RTI) is the largest software framework company for autonomous systems. RTI Connext® is the world’s leading architecture for developing intelligent distributed systems. Uniquely, Connext shares data directly, connecting AI algorithms to real-time networks of devices to build autonomous systems.

RTI is the best in the world at ensuring our customers’ success in deploying production systems. With over 1,800 designs, RTI software runs over 250 autonomous vehicle programs, controls the largest power plants in North America, coordinates combat management on U.S. Navy ships, drives a new generation of medical robotics, enables flying cars, and provides 24/7 intelligence for hospital and emergency medicine. RTI runs a smarter world.

RTI is the leading vendor of products compliant with the Object Management Group® (OMG®) Data Distribution Service (DDS™) standard. RTI is privately held and headquartered in Sunnyvale, California with regional offices in Colorado, Spain and Singapore.

LOGO

Corporate Logo

The corporate logo is a stylized version of the acronym “RTI.”

Logo with Tagline

When with the wordmark, the tagline “Your systems. Working as one.” can appear stacked to the right or below.
Corporate Logo Colors

RTI Blue with RTI Orange dot of the “i.” Depending on the application and background, the logo may be in white while maintaining the RTI orange dot. A RTI Blue background or similar dark background is preferred with this variation.

There may be situations where a RTI logo cannot be in full color. The RTI can be reversed out in white or be used in black.

Do not skew or modify the RTI logo’s shape or colors. Do not use the RTI logo on a patterned, photographic or colored background where it may obstruct the clarity of the logo.
Clear Space

The minimum required clear space is “x” that equals the width of the bottom of the “r” in the RTI logo. This applies as well if the tagline is included. No graphic elements or words can infringe on this clear space.

Sizing

The following is the minimum width for the logo only and with the tagline. If either logo treatment needs to be smaller, please contact marketing_dept@rti.com for approval.
